Dear Professor Lara Malvacias,

On behalf of the UC Riverside Foundation Board of Trustees and the Foundation's Stewardship Committee, please accept my sincere thanks and appreciation for presenting at Saturday's Back to Class panel presentation "*Crossing Borders: Migration and the Arts*." Your performance made the migrant experience as portrayed in art come alive and provided an opportunity for personal connection for our audience. Our guests thought your performance was amazing, and one guest commented that he thought this year's panel presentation was the best he had ever attended.

We were sorry that you could not join us for the luncheon but hope we will have an opportunity to introduce you to our donors in the future.

Thank you again for so generously giving your time and attention to help make the Stewardship Committee sponsored Homecoming event a superb success.

Sincere regards,

Kathy Wright
Trustee, UC Riverside Foundation
